

# #WeGlobal

African Americans Living Abroad  
Research & Education Program

Update — Spring 2019

## #WeGlobal is LIVE!!!

African Americans currently living abroad can now access the survey by clicking on the “Participate in

Online Study” button on the homepage at <https://www.aalivingabroad.org/>. But #WeGlobal is **NOT JUST** a survey. It is a comprehensive program of interrelated initiatives that we believe will benefit current and future generations of African Americans. We imagine interactive exhibits at museums, study abroad programs, and a series of regional conferences leading to a global gathering of African Americans living abroad. We believe African Americans living in the United States would also be interested in attending such a global gathering. This online study provides the foundation to create these programs.

### Tell a Relative/Friend

For all the reasons above and more, we need as many African Americans as possible living abroad – all around the world – to participate in this global effort. That’s where your part comes in!!

We need your help in finding African Americans currently living abroad. Please send a short message to friends and relatives and encourage them to participate.

### Share on Social Media

Please also post information about the project on ALL of your social media platforms. Activating your networks will surely spread this initiative around the

world faster. We’re using hashtags #weglobal, #aalivingabroad, and #letsmakehistorytogether.

## Brothas & Sistas of Kuwait

Omar Louis is the #WeGlobal Ambassador for Kuwait. He has lived in Kuwait for 17 years and is currently teaching at the Kuwait Bilingual School (KBS). In addition, he serves as one of the administrators for the Facebook group, Brothas and Sistas of Kuwait. BASOK, as it’s called, has garnered over 1,000 members in a little over two years of its existence. BASOK’s objective is to establish a community in Kuwait of “Brothas and Sistas,” who come together for fellowship, partake in social activities, and engage in networking both within Kuwait and abroad. The photo above is from a BASOK bowling night. Omar is in front, kneeling, with the white sweatshirt.

## Support Us

Although the study has launched, now the REAL work begins! From May until September of this year, we will be doing extensive outreach, networking, and organizing to spread the word about the online survey and the broader #WeGlobal initiatives. There will be programs at libraries and museums, outreach to HBCUs, alumni associations, fraternities and sororities, and other efforts. All of this takes time and resources. We could use your support! #WeGlobal: African Americans Living Abroad Research and Education Program is a sponsored project of Fractured Atlas, a non-profit arts service organization. Contributions for the charitable purposes of #WeGlobal must be made payable to “Fractured Atlas” and are tax-deductible to the extent permitted by law. You can make a donation at <https://www.fracturedatlas.org/site/FiscalSponsorship/profile?id=18081>. Thank you for your support!!!
